The deals you're walking away from — we can close them.

THE PROBLEM

Unsecured debt killing LTV

Collections, charge-offs, and unsecured balances push loan-to-value ratios past lender thresholds.

Title obstacles blocking funding

Registered liens, writs, judgments, and garnishments stop deals at the finish line.

No clean alternatives

Consumer proposals and credit counselling take months, destroy credit, and kill the mortgage.

THE SOLUTION

Legal debt settlement

We negotiate unsecured debts down — often for less than the full balance — through licensed Canadian law firms.

Fast title clearance

Liens, writs, and judgments removed legally, on your timeline, coordinated with your closing.

Mortgage-funded lump sum

Settlement is funded from mortgage proceeds — no out-of-pocket cost to the client.

Simple enough to integrate into your daily workflow.
